ABOUT ME

As a seasoned and highly skilled **senior smart contract engineer with 4+ years of experience in the smart contract development,** I bring a deep expertise and passion in the crypto, DeFi, and web3 space to every project. My specialty is in the **solidity smart contract development** for a wide range of use cases.

I have a thorough understanding of **DeFi, NFTs, DAOs, dApps, web3, crypto, and blockchain in general,** and I've been working on various web3 projects since 2018.

Also, I speak English with a native-level fluency, and have **a proven ability to communicate effectively and collaborate remotely,** which makes me a valuable asset for any team.
